

Waiver for Not Using My Health Insurance

I understand that:

- My provider at Wisdom Path, PLLC is not in network with one or more of my health insurances.
- I have the option to see a different provider who is in my network in order to use my in-network insurance benefits, but I am voluntarily choosing to see this provider instead.
- If I have out of network benefits, I may request information from Wisdom Path to file my own insurance for partial reimbursement for the services, but I am responsible for paying the full fee to Wisdom Path for the service.
- If this waiver is for my primary insurance, any secondary insurance I have will not pay either.
- If this waiver is for a secondary insurance, Wisdom Path can will file your primary insurance if we are in network, and you will only be responsible for the portion not paid by your primary insurance up to the allowable they determine.

I agree to pay Wisdom Path, PLLC their usual fee for services for any portion not paid by my insurance.
